

FODDER FESTIVAL

Connecting fodder producers and end-users

The Australian Fodder Industry Association (AFIA) and Murray Dairy are pleased to bring you the AFIA Fodder Festival 2018; a demonstration and interactive field day to connect fodder producers and end-users. The day will be a mix of paddock demonstrations and presentations at the Elmore Field Days site in Northern Victoria. If you are a fodder producer, a fodder end-user (i.e. dairy, beef or sheep farmer) or your business is reliant on fodder, this is the event for you.

LISTEN to tailored, expert-led presentations for fodder producers and end-users in how to work together to achieve the best possible outcome. Learn how to understand mould and yeast counts; about what producers and end-users want; how to understand the value and limitations of feed tests; how to best balance rations with feed on-hand; and how to build and manage long-term business relationships between fodder producers and end-users.

WATCH live demonstrations of all the latest fodder machinery and technology and hear from local contractors experiences.

FREE The AFIA Fodder Festival is a free event on Wednesday 29th August 2018, and will be held in the Ag Pavilion at the Elmore Field Days site. **Gates open at 8am for 9am demo start.**

WHEN 9am-4pm Wednesday 29th August 2018

WHERE Agribusiness Pavilion, 48 Rosaia Rd Elmore, Vic, 3558

FREE Showbag and lunch for everyone that pre-registers online
